M. CREDENTIAL

TEGL 10-16, Change #1 – Performance Accountability Guidance for WIOA Title I, II, III, IV Core Programs

Definition of Credential: This indicator measures attainment of two types of credentials: either a recognized postsecondary credential, or a secondary school diploma or its recognized equivalent.

A recognized postsecondary credential is defined as a credential consisting of an industry-recognized certificate or certification, a certificate of completion of an apprenticeship, a license recognized by the State involved or Federal government, or an associate or baccalaureate degree, as well as graduate degrees for purposes of the VR program as required by section 103(a)(5) of the Rehabilitation Act of 1973, as amended by title IV of WIOA. A recognized postsecondary credential is awarded in recognition of an individual's attainment of measurable technical or industry/occupational skills necessary to obtain employment or advance within an industry/occupation. These technical or industry/occupational skills generally are based on standards developed or endorsed by employers or industry associations. Neither certificates awarded by workforce development boards (WDBs), nor work readiness certificates, are included in this definition because neither type of certificate documents the measurable technical or industry/occupational skills necessary to gain employment or advance within an occupation. Likewise, such certificates must recognize technology or industry/occupational skills for the specific industry/occupation rather than general skills related to safety, hygiene, etc., even if such general skills certificates are broadly required to qualify for entry-level employment or advancement in employment.

- A variety of different public and private entities issue recognized postsecondary credentials. Below is a list of the types of organizations and institutions that award recognized postsecondary credentials (not all credentials by these entities meet the definition of

recognized postsecondary credential).

- A State educational agency or a State agency responsible for administering vocational and technical education within a State;
- An institution of higher education described in Section 102 of the Higher Education Act (20 USC 1002) that is qualified to participate in the student financial assistance programs authorized by title IV of that Act. This includes community colleges, proprietary schools, and all other institutions of higher education that are eligible to participate in Federal student financial aid programs;
- An institution of higher education that is formally controlled, or has been formally sanctioned or chartered, by the governing body of an Indian tribe or tribes.
- A professional, industry, or employer organization (e.g., National Institute for Automotive Service Excellence certification, National Institute for Metalworking Skills, Inc., Machining Level I credential) or product manufacturer or developer (e.g., recognized Microsoft Information Technology certificates, such as Microsoft Certified IT Professional (MCITP), Certified Novell Engineer, a Sun Certified Java Programmer, etc.) using a valid and reliable assessment of an individual's knowledge, skills and abilities;
- ETA's Office of Apprenticeship or a State Apprenticeship Agency;

  - A public regulatory agency, which awards a credential upon an individual's fulfillment of educational, work experience, or skill requirements that are legally necessary for an individual to use an occupational or professional title or to practice an occupation or profession (e.g., Federal Aviation Administration aviation mechanic license, or a State-licensed asbestos inspector);
  - A program that has been approved by the Department of Veterans Affairs to offer education benefits to veterans and other eligible persons.
  - Job Corps, which issues certificates for completing career training programs that are based on industry skills standards and certification requirements.

Self-service and informational activities are those basic activities that are made available and accessible to the public; that are designed to inform and educate the individuals about the labor market, their employment strengths and weaknesses and the range of services appropriate to an individual's situation. These services do not require significant staff involvement with the individual in terms of resources or time. The service delivery strategy for providing informational and initial services should be focused on the Intake/Sign-In.

The Intake/Sign-In is to be used to capture services needed by the reportable individual. SC Work Center visitors are to utilize the VOS Greeter function. First time visitors are captured and referred to the appropriate services by using the seven question referral slip:

1. Do you want information about obtaining your high-school diploma or GED and enrolling into Adult Education classes?

Out-of-School Youth (OSY)

In addition to the WIOA documents required for youth applying for WIOA services, the following educational documents will be required for OSY who do not have a HSD or GED prior to making the referral for the TABE assessment:

1. High School Transcript (with grades)
2. Latest disciplinary report
3. Release letter from the High School
4. IEP from the school (if applicable)

Do not refer youth who do not have a HSD or GED for the TABE assessment unless these documents have been confirmed. Adult Ed staff will review the educational documents to assess the participants' ability to meet WIOA requirements and/or whether a referral for partner services would be appropriate. OSY participants with TABE assessments at Grade level 4 and below need to be referred to Vocational Rehabilitation.

There is a funding percentage requirement of enrolled youth to be OSY, that amount is 75%. Additionally, 20% of all Youth allocation must be spent on work experience which consists of

- ***Summer employment opportunities***
- ***Pre-apprenticeship programs***
- ***Internships and job shadowing***
- ***On-the Job-Training opportunities***
- ***New OSY participant enrollment target is set at a minimum of 75%***

The Youth Coordinator and the WIOA youth service provider will work closely to ensure the LSWDA meets these funding requirements.

In-School Youth (ISY)

In addition to the WIOA documents required for youth applying for WIOA services, the following applies to In-School youth only:

1. No High School Diploma at time of application
2. Still attending school (secondary and post-secondary)

If a Youth participant who has attended post-secondary school is not registered at the time of eligibility or the next upcoming school semester then these youth, based on eligibility, could be registered as an OSY.

Good Sense Tip: ***20% of the Youth funding needs to be spent on work-based learning. This rate applies for both ISY and OSY.***

III. CERTIFICATION AND PARTICIPANT REGISTRATION

TEGL 10-16; Change #1 – Performance Accountability Guidance for WIOA Title I, II, III and IV Core Programs
LSWDA Instruction PY'07-006 – Verification of Social Security Number and Citizenship
LSWDA Instruction PY'08-002 – Policy for Collection and Use of Workforce System Participant's Social Security Number
LSWDA Instruction PY'17-001 – Local SCWOS Electronic Document Management Process

Good Sense Tip: ***NOT A DEFINITION➔ REMINDER:*** ***Inclusion of a social security number on any document is a violation of the Privacy Act and is punishable by law. Refrain from using the social security number on any WIOA form. If a social security number is found on any form in the WIOA file folder, staff are required to redact it IMMEDIATELY. Failure to do so will result in a monitoring finding that may result in sanctioning the individual employee and/or organization.***

WIOA Staff are responsible for WIOA Program ***Overview***, determination of WIOA program suitability, eligibility/ineligibility, and enrollment/registration into the WIOA Program via documentation of a SCWORKS ONLINE SERVICES (SCWOS) Participation Screen, creating a WIOA Application.

A Participant is an individual who is determined eligible to participate in the program and receives a service, as noted above, funded by the program either in a physical location (Center) or remotely through electronic technologies. Following the determination of eligibility, the WIOA Application verification documents must be scanned and uploaded into SCWOS with a minimum of signed documents remaining as back up in a file folder. The service provider's program manager or designee will approve the file documents to be uploaded Sub-recipient staff must refer to the Instruction PY'17-001 for the uploading procedure and the data validation file cover sheets.

WIOA funded activities determine participation which begins with the "date of participation". For Adults and DWs this represents the first day that the individual begins receiving a service funded by the program, necessary for performance measure reports. Participation for Youth begins with the creation of an activity code that is a program element or extend exit at which point the participant is

counted in the performance measure reports.

In the event that the individual does not show for the scheduled TABE or WorkKeys/WIN testing, a case note must be entered into the SCWOS indicating that the individual did not return for assessment and what the next planned steps are to try to reach the individual to have the individual return.

A. SIGNATURES

All completed WIOA Program Applications must be signed regardless of eligibility status. Furthermore, WIOA forms require numerous signatures and all signature fields contained on forms must be signed by the appropriate parties, i.e., participant, guardian, case manager, etc. Failure to sign, or have forms signed, accordingly and appropriately, may result in a monitoring issue or questionable costs.

Forms that have signature fields must be signed and dated. A date is required on the Employment Verification Form once the participant gains employment.

LSWDA Instruction PY'11-001 – Guardian Signature and Form
Guardianship Form

A Parent/Guardian Signature is required for applicants under the age of 18. The term "guardian" for a WIOA Youth application, refers to any adult (at least 18 years of age or older) who is providing housing and financial support to the Youth regardless of legal status. In order to remain in compliance with WIOA regulations, a Guardianship Form for local WIOA use is available on the LSWDA website. The guardianship form must be completed by the adult guardian at the time of application and maintained in the applicant's case file.

If the individual is not eligible to receive WIOA services, the WIOA Program Application must be printed, signed, dated, and kept for one year in a centralized file located in the SCWorks Center. A case note must be entered into SCWOS indicating that the individual is not eligible for the WIOA program. After one year, the files may be destroyed.

***Good Sense Tip**: The definition of guardian authorized to sign the WIOA application differs from the definition of guardian as it relates to family size. According to the WIOA definition of Family, a guardian's income should not be included in the family income unless documentation of legal guardianship or adoption is provided.*

B. ASSESSMENT

LSWDA Instruction PY'11-012 – Instruction file Setup Movement Data Validation

At the point the file review process is complete and the customer is deemed eligible to receive WIOA services, the WIOA Staff must refer the applicant for an official assessment.

The participation record should be completed in SCWOS once a staff person confirms the applicant/participant took the appropriate assessment. If the individual did not show for the assessment, a case note must be entered into SCWOS indicating the status.

Determining points of when the applicant/participant becomes officially registered or enrolled into the WIOA Program are as follows:

a. completion of the WIOA Application, printing it, having the individual sign and date it;
b. the official WorkKeys®/WIN or TABE scores, whichever are appropriate, have been received and entered into the SCWOS. ***Youth literacy/numeracy screen has been created for all YOUTH Participants.***
c. creation of the assessment activity code, either 203 for adults/dislocated workers or 412 for youth.

C. CAREER SERVICES

TEGL 19-16 – Guidance on Services provided through the Adult and Dislocated Worker Programs under WIOA and Wagner-Peyser Act
TEGL 21-16 – Third WIOA Title I Youth Formula Program Guidance

Good Sense Tip: NOT A DEFINITION ➔ REMINDER: Inclusion of a social security number on any document is a violation of the Privacy Act and is punishable by law. Refrain from using the social security number on any WIOA form. If a social security number is found on any form in the WIOA file folder, staff are required to redact it IMMEDIATELY. Failure to do so will result in a finding that may result in sanctioning the individual employee and/or organization.

3. Orientation

LSWDA Instruction PY'07-009 – Participant Guidance & Expectations for Satisfactory Progress
WIOA Orientation Form

A scheduled Orientation Process will be utilized across the Lower Savannah region and provided in group-sessions or one on one. The WIOA Program Service Provider will provide an all-inclusive WIOA Orientation to include career and employment plans, case management requirements, grievance policy and procedures, participant expectations, training opportunities and requirements, time and attendance requirements, supportive services, and follow-up services. Signatures and dates on the LSWDA Orientation Form will document these activities.

Case Managers will complete and review the Objective Assessment Summary Report (OASR) with each individual.

4. Development of Individual Employment Plan/Individual Service Strategy

LSWDA Instruction PY'05-003 – VOS Manual Objective Assessment
State Instruction 18-01, Change 1 – Individual Employment Plan
IEP/ISS Procedures for WIOA Title I (under SCWOS Staff Resources)

The Individual Employment Plan (IEP)/Individual Service Strategy (ISS) is an ongoing strategy jointly developed by the Participant and the WIOA Case Manager that identifies the Participant's employment goals, the appropriate achievement objectives, and appropriate combination of services for the Participant to achieve the employment goals. Since the IEP/ISS

is an on-going/living document, it must be updated in SCWOS as the goals and objectives for the individual change, throughout the entire program participation. At a minimum, the IEP/ISS should be used as a comprehensive tool that accurately provides a step-by-step plan to assist each individual participant with obtaining self-sufficient employment.

Activity code 205 or 413, respectively, must be created in SCWOS upon creation of the IEP/ISS. An IEP/ISS review is required on a continued basis and updates need to be completed as the participant's goals and objectives change or are met. Desktop reviews of the IEP/ISS will be monitored periodically to ensure that the IEP/ISS is used to reflect that goals are updated as they are modified or met.

Random selections of participants' IEP/ISS entries will be monitored in SCWOS on a regular basis, monthly and at the time of local monitoring.

5. Case Management Philosophy

Good Sense Tip: *Case Managers will not perform case management assistance to family members, nor close friends. Staffing patterns should be diverse and reflective of the participant - base served. Refer to LSWDA Instruction PY'93-010 Revision #2 ** relative to Nepotism.*

Good Sense Tip: NOT A DEFINITION ➔ REMINDER: Inclusion of a social security number on any document is a violation of the Privacy Act and is punishable by law. Refrain from using the social security number on any WIOA form. If a social security number is found on any form in the WIOA file folder, staff are required to redact it IMMEDIATELY. Failure to do so will result in a monitoring finding that may result in sanctioning the individual employee and/or organization.

The Lower Savannah Workforce Development Area bases the philosophy for Case Management on the idea that participants should be actively encouraged to pursue and obtain self-sufficient employment. participants have strengths and resources as well as weaknesses and barriers. If participants do not have the skills to obtain self-sufficient employment and have participated in active job search activities with no results, training services may be an option.

The relationship between the case manager and the participant is a partnership where mutual agreement decides the outcomes. The participant should be actively involved in all phases of the process, including planning, decision-making, and problem solving. The participant has the ultimate responsibility for change and success.

The following basic assistance provided by the case manager to the WIOA Participant, will be documented in the SCWOS:

a. Through ongoing assessment, gather and analyze data on internal and external factors affecting the participant's ability to achieve greater academic success and to remain in school.
b. Provide necessary direct assistance for helping the participant implement the negotiated plan (e.g., present options, instruct and/or tutor, assist with problem solving, decision making, etc.).

c. Participant should be scheduled for soft skill workshops as appropriate and necessary.
d. Record and file pertinent information, e.g., maintain an ongoing record of participants' plan achievements, program activities, progress, problems and problems solved, record of case manager's activities, case managers' level of involvement, data gathering and analysis, as well as strategies developed and implemented.
e. Case managers direct participants to complete a WINWAY résumé.
f. Case notes and other components of the case management process should be structured to provide the following:

1. Case notes are tied to the individual, and the applicable WIOA/TAA Application.
2. Case notes should support, not duplicate, information in the Activity Records and other SCWOS screens.
3. Case notes should include information related to the individual's WIOA/TAA participation. They should include meaningful, additional information related to WIOA/TAA activities/services, educational progress, and/or employment. Case notes should also include information on barriers and supportive services provided.
4. For activities such as career counseling and comprehensive guidance and counseling, the case note should provide a summary of the counseling/guidance session INCLUDING the details of the topics discussed, corrective action plan/next steps, follow-up planned, further services needed, etc. This will include career counseling/planning related to career choice, change, or adjustment.
5. The length of the case note is not important. The VALUE of the content is important.
6. Case notes should include information on missed appointments and attempts to contact the individual.
7. Case notes should include contacts with instructors, employers, etc. to follow progress in training or employment.
8. For participants in training, case note should document satisfactory progress, current grade point average, the reasons for extensions in training, etc.
9. The SUBJECT OF THE CASE NOTE should be meaningful. (Example: Transportation Problem; GED; Manufacturing Training; instead of monthly contact or telephone call).
10. ***DO NOT SUPPRESS CASE NOTES***. Case notes should not include information of a confidential nature such as criminal activity, drug abuse, alcohol abuse, domestic abuse, medical, disability, etc. The case note should indicate that confidential information is in a locked file. (Information in a locked file can be subpoenaed.)
11. Any documentation containing Personally Identifiable Information (PII) shall not be uploaded to SCWOS or added as a hardcopy in the participant's file.
12. Do not name other participants or students in case notes, or documents contained in the individual's participant file folder. Other names should be redacted.
13. Use appropriate capitalization and grammar. Be careful with pronouns and use spell check.
14. A final summary case note is required for all participant records. The case note should include performance measure outcomes, goal obtainment, successful/unsuccessful participation, program completion status, training received, training and supportive services dollars expended and next step/s.

***Good Sense Tip**: Remember that case notes can, and are, read by other individuals who have access to the system. Avoid using generic case notes. Do not cut, copy, & paste the same case note into every file, i.e., workshop schedule sent or newsletter sent. Do not copy letters into case notes. Case notes are not required for every activity record. Case notes are not to be printed or signed. **Exception**: Eligibility Certification summarization case note is the only case note to be printed, signed by both parties and placed in the file.*

6. GED Services for Adults/Dislocated Workers

   LSWDA Instruction PY'10-005 – Procedure for Handling GED Services for Adults/Dislocated Workers

   GED Services are provided only to eligible Adults/Dislocated Workers when they qualify for an Adult Education "Boot Camp" being operated in the LSWDA for PY'19 in participating counties. "Boot Camp" rules would apply.

   a. WorkKeys®/WIN scores should indicate the participant's ability to successfully complete the training curriculum
   b. GED services/training must be completed within the established Boot Camp time requirements
   c. An IEP must be completed, which clearly shows the WIOA Customer's future training requirements, a self-sufficient employment goal and, includes appropriate case notes documenting the need for GED training services
   d. When the requested occupational skills training curriculum does not require a GED, WIOA FUNDS SHALL NOT BE USED TOWARDS GED COSTS without prior approval from the Workforce Development Administrator. Use the Waiver Form and provide an explanation in the "Other" category
   e. When the participant meets the criteria for WIOA funded GED services, the participant shall be referred to Adult Education, who will assess the individual to determine if the individual meets the Boot Camp criteria for the GED services
   f. If the individual does not meet the Boot Camp criteria, the individual will be referred to Adult Education for completion of the GED, at the participant's expense, prior to WIOA program enrollment.

D. OPERATOR SERVICES

In coordination with the SC Works Center Operator, the sub-recipient management staff is expected to provide direction and guidance to staff, visitors, volunteers, and other personnel on the conduct and performance requirements expected when working in a Lower Savannah Workforce Development Area (LSWDA) SC Works Center of Aiken, Allendale, Bamberg, Barnwell, Calhoun and Orangeburg Counties. Programs, services and activities shall include, but are not limited to:

a. Day-to-Day Operations and Oversight of regional SC Works Centers
b. Coordination and delivery of WIOA Services in the SC Works Centers
c. Functional Supervision of Partner Staff
d. Data collection and access to information and outcomes
e. Achievement of SC Works Centers Certification

E. SUPPORTIVE SERVICES

LSWDA Instruction PY'16-002 Revision #1 – Policy & Procedures Governing Supportive Services Assistance on Behalf of WIOA Participants

The ability to make a supportive services payment on behalf of any WIOA participant is based on the availability of WIOA funds. All supportive services payments issued on behalf of WIOA Participants in the Lower Savannah Workforce Development Area will be issued based on an established and documented need, identified as follows:

1. one that was identified during the initial and/or comprehensive assessment and placed on the Individual Employment Plan (IEP)/Individual Service Strategy (ISS); or
2. one that is identified due to an emergency occurring after the individual became a WIOA Participant.

Good Sense Tip: ***CAUTION MUST BE EXERCISED HERE*** *because supportive services assistance payments must not be made retroactive to the individual becoming a WIOA Participant. Payments can only be made toward relief of situations after the individual becomes a WIOA Participant and are based on the availability of funds.*

In addition to the requirements contained in subparagraph (A) of the Act, a dislocated worker who has ceased to qualify for unemployment compensation ***may*** be eligible to receive needs-related payments, under this paragraph, only if such worker was enrolled in the training services by the end of the 13th week after the most recent layoff, that resulted in a determination of the worker's eligibility for employment, and training activities for dislocated workers under this subtitle. Need-based payments may be authorized after Unemployment Insurance (UI) and Trade Adjustment Assistance (TAA) benefits have been exhausted.

Supportive Services payments will be limited to the amount necessary to satisfy the emergency and permit the WIOA Participant to continue or complete the applicable WIOA activity, AND such payments must be assumable by the individual if/when WIOA ceases to provide support.

Good Sense Tip: *The ability to make supportive services payments on behalf of any WIOA participant is based on the availability of WIOA funds. Direct your written requests for extenuating circumstances to the WD Administrator for a waiver.*

F. FUNDING APPROVED TRAINING CLUSTERS/CURRICULUM

LSWDA Instruction PY'10-007 Revision #1 – Funding Approved Training Clusters/Curriculum

This policy is effective July 1, 2015, and is for all WIOA approved Training Participants who start training on or after the effective date. Due to limited funds, all individuals seeking training must apply for Financial Aid (see Good Sense Tip). **Training Services Committee will approve all training for those individuals enrolled in WIOA seeking training regardless of funding source.**

The Training Services Committee will only approve training for those individuals who have applied for PELL, SC Lottery, or FAFSA assistance.

If an individual is seeking occupational skills training that is not part of the approved training cluster, the service provider must request a Waiver from the Workforce Development Administrator ***PRIOR TO THE TRAINING COMMITTEE*** meeting. Any expenses related to the non-listed training curriculum will be deemed as a disallowed cost if the individual starts training prior to the WD Administrator approving the waiver. A waiver is not required for OJT's that are in addition to the Approved Training Clusters/Curriculum. OJT approvals require a minimum $11 per hour pay rate for all new employers as of July 1, 2018 and full-time employment.

***Good Sense Tip**: WIOA Funds may not be expended to support any training not associated with the Approved Training Clusters/Curriculum without prior approval of the Local Area Administrator. Please refer to the official LSWDA Instruction for additional guidance.*

Please know that these are the only approved Training Areas at this time for the Lower Savannah Region:

G. PARTICIPANT LIFETIME MAXIMUM ITA CAP

LSWDA Instruction PY'10-006 Revision #3 – WIOA Participant Lifetime ITA Cap and Justification Report

The **lifetime maximum training amount for a WIOA Participant is hereby set and shall not exceed $10,000.00 per Adult and Dislocated Worker WIOA Participant and is set and shall not exceed $10,000 per Youth WIOA Participant (this includes the Work Based Learning – Work Experience Activity)**. ITAs include tuition, books, tools, uniforms, fees, and supplies required for the completion of classroom training and On-the-Job Training (OJT). All training costs shall be paid in accordance with documented and approved ITA Vouchers. Any portion of the total training amount paid with resources other than WIOA funds, such as PELL, Lottery, TAA, etc. will not count toward the training cap. *Supportive Services are not training. Supportive Services are not included in the lifetime maximum training cap.*

Additional Considerations:

1. GED and/or Basic Skills services are included in the Lifetime ITA Training Cap amount. Therefore, using the most expeditious and most cost efficient means of acquiring these prerequisites is imperative. (Refer to LSWDA Instruction PY'10-005 - GED Services for Adults and Dislocated Workers.)
2. Allowing participants to attend training on a part-time basis increases the cost of training and the time it takes to complete training. Therefore, full-time training shall be the norm.
3. Part-time training will not be allowed without having written approval from the Workforce Development Administrator. Use the Waiver Request Form to request approval of part-time training and provide an explanation in the "Other" category box on the form.
4. In extenuating circumstances when it is believed that funding in excess of the training cap is reasonable, necessary, and appropriate for a customer to achieve employment and economic sufficiency, a Waiver Request Form shall be submitted to the Workforce Development Administrator for approval prior to any expenditures in excess of the training cap.
5. The LSWDA must utilize a system to document all training costs for each WIOA participant. Therefore, all Lower Savannah WIOA Service Providers/Contractors shall utilize the SCWOS System's Individual Fund Tracking (IFT) module.

***Good Sense Tip**: All participants are required to apply for PELL/SC Lottery/FAFSA prior to being enrolled into training - www.fafsa.ed.gov. If they have not done so, the Training Services Committee cannot approve them for training. If the individual has applied for PELL/SC Lottery/FAFSA, staff shall document the outcome in SCWOS. If the participant is not eligible for PELL/financial assistance, an explanation as to why they do not meet eligibility and supporting documentation of having applied must be in the official WIOA Participant File Folder.*

H. TRAINING SERVICES

TEGL 19-16 – Guidance on Services provided through the Adult & Dislocated Worker Programs under the WIOA and Wagner-Peyser Act
LSWDA Instructino PY'02-009 Rev #4 – Training Services Committee
LSWDA Instruction PY'07-007 Rev#2 – Business Services Training Activities

ALL YOUTH DETERMINED TO BE BASIC SKILLS DEFICIENT SHOULD PARTICIPATE IN STRUCTURED REMEDIATION ACTIVITIES. UNTIL AN EDUCATIONAL FUNCTIONING LEVEL GAIN HAS BEEN ACHIEVED OR THEY HAVE OBTAINED AN SC DEPARTMENT OF EDUCATION HIGH SCHOOL DIPLOMA OR GED. TRAINING SERVICES WILL BE REVIEWED ON A CASE BY CASE BASIS. A WAIVER WILL BE REQUIRED FOR YOUTH THAT HAVE NOT RECEIVED AN EFL GAIN. WIOA COSTS INCURRED FOR YOUTH WHO ARE ALLOWED TO PARTICIPATE IN TRAINING WITHOUT ACHIEVING THE FUNCTIONING LEVEL GAIN FIRST WILL BE REVIEWED FOR POSSIBLE DISALLOWANCE.

Good Sense Tip: SCWOS *Activity Code 414 Basics Skills Training and Code 433 GED Training or Adult Ed HS shall be used to track the services.*

1. Deliberations of Training Services Committee

   The Service Provider shall document the entire Training Services Committee deliberations and upload all training committee services documents to SCWOS per Instruction PY'17-001, as well as document the events in SCWOS by way of case notes. Items such as criminal background checks and previous 10 years driving record shall be requested and reviewed prior to the Training Committee meeting, and documented and stored according to LSWDA Instructions PY'11-011 and PY'12-001. Costs for these items shall not be part of the Individual Funding Tracking record.
   Remember if a partner agency is paying for the actual training, the Training Committee is still required to meet and approve the training.

2. Training Services

   The WIOA Service Provider Program Manager and the Case Manager shall coordinate and approve occupational skill training services for the applicable WIOA participant.

   If the WIOA participant is a Trade participant, then the committee will include the Trade case manager.

   If the WIOA participant is an On-the-Job training (OJT) participant then the Training Committee will include a Business Services Representative.

   The Training Services Committee's decision to *Approve* or *Disapprove* the applicable WIOA Participant for Training Services [which includes On-the-Job Training (OJT), customized training,

apprenticeship training, work based learning-not to include work experience, etc.] will be based on a ***majority vote***. Should a training services committee member request a decision appeal, a written request should be submitted to the Workforce Development Administrator.

3. Training Time/Attendance Sheets

   Participants during training activities shall provide **weekly** time/attendance sheets to document

   - Active participation and attendance in training
   - Voucher payments for OJT, occupational skills training and supportive services

4. Incentive Policy (YOUTH ONLY)

   LSWDA Instruction PY'06-006, Rev #7 – Incentive Schedule of Payments

   In the event that the Service Provider has an Incentive Policy, it must be submitted and approved by the Lower Savannah Workforce Development Administrator. In the event that the Service Provider does not have an Incentive Policy, follow the LSWDA Incentive Policy/Schedule provided in the Statement of Work [Insert H].

I. INDIVIDUAL TRAINING ACCOUNT (ITA)

LSWDA Instruction PY'03-001 Rev#2 – Financial Instruction and Forms

The individual seeking training services is partly responsible for completing the ITA/Voucher information for the occupational skills training. Follow the requirements of this instruction for capturing the Budget for Occupational Skills Training. It is the responsibility of the Service Provider to ensure that adequate training funds are available in their contractual budget for training obligations.

Good Sense Tip: *Individuals in training shall be required to apply/re-apply for Financial Aid at the beginning of each Calendar Year while in training services.*

Good Sense Tip: *Be sure to double check all documents received from the training facility as they are notorious for showing the individual's social security number as the student ID number.*
NOT A DEFINITION➔ REMINDER: Inclusion of a social security number on any document is a violation of the Privacy Act and is punishable by law. Refrain from using the social security number on any WIOA form. If a social security number is found on any form in the WIOA file folder, staff are required to redact it IMMEDIATELY. Failure to do so will result in a monitoring finding that may result in sanctioning the individual employee and/or organization.

J. INDIVIDUAL FUND TRACKING (IFT)

Individual Fund Tracking (IFT) was opened in the Lower Savannah Region to assist with capturing and tracking related expenses on WIOA participants. Effective January 6, 2011, any and all costs associated with a particular SCWOS activity must be input into the appropriate tabs in SCWOS.

Desktop monitoring of reported financial expenditures takes place in-house monthly and any found anomalies will be written up in the form of a financial monitoring report which requires a formal response.

K. CASE CLOSURE

Creation of a WIOA Case Closure in SCWOS will signify there are no other planned WIOA services. These SCWOS records are intended soft exits. ALL Service Providers are responsible for providing follow-up services to WIOA Participants who have a program outcome/common exit in SCWOS.

L. SUMMARY CASE NOTE/SUBJECT FOR EXITING

When no other services are expected to be provided other than follow-up services, the Case Manager will document SCWOS with a summary case note.

At a minimum, the case note should include:
Subject: ***Conclusion of Participation***
Conclusion of Participation Case Note must address the documentation of

- *employment or achievement of all performance measures (if applicable),*
- *date and source of documentation,*
- *attainment of credentials/licenses, date attained,*
- *source of documentation,*
- *date of last activity,*
- *total training dollars expended,*
- *total supportive services expended, etc.*

Summary case notes, such as amount spent on a participant and those noted above, are vital in the event of a re-entry request.

M. JOB PLACEMENT/ EMPLOYMENT SERVICES

LSWDA Instruction PY'01-005 – Job Placement and Follow-up Services after Training Services

Job Placement/Employment Services may begin immediately after the determination is made that an individual needs these services. SCWORKS Center Staff will assist WIOA Participants with job search/job referrals/employment services by coordinating the referral of the WIOA Participant with the appropriate partner at the Center. The appropriate staff person should document job placement referrals and employment services (i.e., workshops, group sessions, job searches, etc.) accordingly in SCWOS, either by entering activity codes or case notes.

N. FOLLOW-UP SERVICES

Follow-up Services will be provided to all individuals who have ceased participating in all programs, including WIOA, Wagner-Peyser, and Trade programs – common exit. ***Follow-up data entry into SCWOS is triggered by the appropriate program's 'follow-up links' being available, or dropping, in the SCWOS system. The Service Provider shall provide Follow-up Services***. Follow-up files should

be set-up and managed by a 1st, 2nd, 3rd and 4th quarter filing system based on the participant's follow-up status.

In accordance with TEGL 19-16 follow-up services do not extend the date of exit in performance reporting.

Ad Hoc Reports must be utilized in order to manage follow-up records in SCWOS. After satisfying the follow-up requirements (where applicable), service provider staff will assign the file/s to the SCWOS Coordinator in preparation for storage. All hard copy WIOA Participant File Folders will be boxed accordingly and prepared for delivery to the Lower Savannah Council of Governments' office for storage.

1. Effective Follow-Up Services:
    - Regular contact with appropriate frequency with the participant, the participant's employer, or the participant's post-secondary academic advisor (youth specifically)
    - Leadership development activities provided after completion of participation (youth)
    - Case Management activities
    - Referrals to partners for needed services
    - Disbursement of Youth Incentives payments as outlined in insert "h".

2. Ineffective Follow-Up Services:
    - Follow-up activities that consist solely of occasional, ineffective contacts
    - Quarterly phone calls or mail surveys to see if the participant is still working or still in school
    - Letters to inquire about status

***Good Sense Tip**: A system soft-exit will automatically take place in SCWOS 90-days after the last date of service entered in the system. **IF** an individual is intended to soft exit, we recommend that a case note be entered to alert all SCWOS Staff that no activities (WP or WIOA) should be opened and that this individual is intended to exit.*

V. EXCLUSIONS FROM PERFORMANCE

TEGL 10-16; Change #1 - Performance Accountability Guidance for WIOA Title I, II, III, IV Core Programs

A Participant in any one of the following categories (either at the time of exit or during any of the follow-up quarters) may be excluded from common measures provided there is supporting documentation in the file:

1. Institutionalized – residing in an institution or facility providing 24-hr. support, prison or hospital; expected to remain for 90 days or more;

3. Deceased
4. Reserve Forces Called to Active Duty;

If any of these reasons apply to participants in the program, the WIOA Service Provider may request a Hard Exit creation in SCWOS so that the individual will not count towards performance. Hard Exit Request and documentation for the hard exit reason must be submitted to the LSWDA SCWOS Coordinator for processing in accordance with LSWDA Instruction PY'06-005, Rev #1 – Soft Exit Removal Process.

VI. PROGRAM OUTCOMES

A. SYSTEM SOFT EXIT

B. HARD EXIT

LSWDA Instruction PY'06-005, Rev #1 – Soft Exit Removal Process

Hard Exits are created at the local administrative level only. Service Provider Staff must submit a request to the local office, supported by documentation, to create a hard exit. Hard Exits are excluded from performance measures.

LSWDA Instruction PY'06-006 Rev #7 – Incentive Policy – Youth Only
LSWDA Instruction PY'03-010 Rev #3 – Financial Reporting & Financial Closeout Policy & Procedure

Requests for Payment Invoices and other required financial forms must be submitted to the Workforce Development Financial Manager LSCOG, on or before the 8th day of each month. The invoices must be supported by a copy of the original source documentation, i.e. a vendor invoice, purchase order, time sheet, a payroll record, an incentive payment (youth only), achievement record, a supportive services

payment record, etc. All supporting documentation must be submitted along with the original invoice to the Financial Manager by the deadline.

The invoices are to be differentiated by funding stream and allocated according to the total combined percentages for each individual funding stream, as documented in the exhibit "Allocation of Staff Salaries Across All Projects." This exhibit is located in PART 3 (Budget Section) of each individual contractual agreement and is the basis for payments and related cost objectives or categories. For individual travel payments, excluding travel for staff training purposes, the percentages given to each individual staff member in the above-mentioned exhibit are to be used.

1. Financial Management System

According to 29 CFR 97.20 and 2 CFR 200, there are standards for a financial management system:

a. A State must expand and account for grant funds in accordance with State laws and procedures for expending and account for its own funds. Fiscal control and accounting procedures of the State, as well as its sub-grantees and cost-type contractors, must be sufficient to:

- Permit preparation of reports required by this part and the statues authorizing the grant, and
- Permit the tracking of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restricted and prohibitions of applicable statues.

b. The financial management systems of other grantees and sub-grantees ***must meet*** the following standards:

1. *Financial reporting*

   Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or sub-grant.

2. *Accounting records*

   Grantees and sub-grantees must maintain records that adequately identify the source and application of funds provided for financially assisted activities. These records must contain information pertaining to grant or sub-grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

3. *Internal control/payments – **procedures must be in writing***

   Effective control and accountability must be maintained for all grant and sub-grant cash, real and personal property, and other assets. Grantees and sub-grantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

4. *Budget control*

   Actual expenditures or outlays must be compared with budgeted amounts for each grant or sub-grant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically

required in the grant or sub-grant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

5. *Allowable cost – **procedures must be in writing***

   Applicable OMB cost principles (2 CFR 200), agency program regulations, and the terms of grant and sub-grant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

6. *Source documentation*

   Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and sub-grant award documents, ADP reports, and MapQuest/Google map print outs for all travel reimbursements.

7. *Case Management*

   Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and sub-grantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on sub-grantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their sub-grantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

c. An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a pre-award review or at any time subsequent to award throughout the life of the award.

2. Documentation of Cost

The Service Provider shall track all expenditures associated with the program operation. Actual cost, whether it be administrative, program, or other costs that contribute to this project must be documented and tracked for monitoring purposes.

3. Expenditure Levels

Program expenditures will be reviewed monthly against annual contractual budgetary allocations and fund utilization goals and objectives. In order to meet compliance, the following goals should be met:

- At the end of the first quarter (September, 2019), 30% of the contractual allocated amount should be expended.
- At the end of the second quarter (December, 2019), 60% of the contractual allocated amount should be expended.

4. Financial Performance

   - As outlined in State Instruction Letter 17-04, *Participant Cost Rate Policy,* each Local Area shall ensure that WIOA Adult and Dislocated Worker expenditures meet a minimum participant cost rate of 30%. Sub recipients should factor the 30% expenditure rate rule into both spending plans and projected budgets.
   - WIOA Section 129(a)(4) expects that not less than 75% of program funds (over the life of the funds) allotted shall be used to provide youth workforce activities for out-of-school youth and 20% shall be used to provide youth with work based learning (WBL) opportunities.

5. Disallowed Cost

   All service provider entities shall reimburse all costs determined to be disallowed costs in connection with operations funded with WIOA funds administered by the Lower Savannah Workforce Development Board from non-WIOA fund sources.

6. Indirect Cost

   Indirect Costs are allowable costs incurred for a common or joint purpose and cannot be readily identified with a particular cost objective. Therefore, some method of allocation must be used to distribute the Indirect Costs to various direct activities that were benefited. Indirect Costs must be distributed equitably and consistently.

   Only a cognizant agency can issue an indirect cost rate. If there is no cognizant agency who determines the Indirect Cost Rate for a service provider or subcontractor, a cost allocation plan must be submitted when fully executing the contractual budget.
